Items Displayed on the <Home> Screen

7L2J-01W

This section describes the items displayed on the <Home> screen.

a Wi-Fi icon

This icon is displayed when the machine is connected to wireless LAN.

b Amount remaining in the toner cartridges

The toner levels of the toner cartridges are displayed. They are not displayed when operating the <Home> screen.

c <Set>

<Function Settings>, <Preferences>, and many other machine settings start from this button. ▶ [Settings/Registration](#)

d <Paper Settings>

This button enables you to specify the size and type of paper loaded in the paper drawer and multi-purpose tray. ▶ [Specifying Paper Size and Type](#)

e <Memory Media>

Select this to print files on USB memory. ▶ [Using Memory Media](#)

f <Print>

You can print documents held in the machine and check the status of print jobs.

g <Mobile Portal>

Select this to connect the machine to a mobile device. ▶ [Linking with Mobile Devices](#)

h <Display Order (Home)>

You can change the display order of the buttons on the <Home> screen. ▶ [Customizing the <Home> Screen](#)

i <Update Firmware>

You can update the firmware via the Internet. ▶ [Updating the Firmware](#)

j <uniFLOW Online Setup>

You can check the usage status of the device and the user by linking to cloud service. For more information, see the Canon website.

k <Check Counter>

You can display the total number of sheets printed in color and black-and-white. ▶ **Checking the Number of Pages for Print**

You can also check the serial number of the machine, the IP address, and other device information such as information on optional equipment.

NOTE

- <Update Firmware> may not be displayed depending on your country or region.
